A beautifully appointed ocean theme flows throughout Seattle's **Hotel Monaco**, a **Kimpton Hotel Group** property. Stylish and sophisticated, Hotel Monaco welcomes guests into a sunshine-coloured lobby where dolphins play among the rays of light, dancing with the droplets that seem to hang from the chandeliers and mosaic waves that rest above the fireplace. This ocean paradise is also shown in the Monaco's 189 guestrooms, adding a natural serenity to its downtown Seattle property, ensuring a calm and stress-free stay. Choose from The Monte Carlo Suites, The Premier Monte Carlo Suites or The Ambassador Suite with its private keycard elevator access to this top floor retreat.

There is no need to go any further than the main floor of the hotel for excellent Pacific Northwest influenced meals. Kimpton's **Outlier Restaurant** is a seasonally-driven 129-seat casual dining establishment that showcases the skills of **Executive Chef Anthony Sinsay**. Perfect for a romantic dinner where exposed brick walls highlight the hanging artwork. One large semi-private room in the restaurant can be used for a small wedding reception. There are also 6-9 conference rooms in the hotel for receptions up to 180 guests.
